It was suggested to Ray Traut – looking for ideas for a speech that our chapters could use when presenting the OHC story.

Stark County started working on a project to re-open the Ohio Buckeye Trail. Al Zaleski wrote a letter to Congressman Ralph Regula asking him to write a letter supporting OHC by re-opening the Ohio Buckeye Trail. Al received a phone call from the White House by Ralph Regula in favor of his request. He would get a letter of confirmation. A meeting was held with the three commissioners Sponseller, Schriack and Patrick and Al, Dick & Jane at the Red Dog. Maps, boundaries and problems were discussed. More letters written, walked parts of the trail, various lunches with all in favor. All this attention got us an article in the Akron Beacon Journal with pictures.
